Rezūm™ Water Vapor Therapy uses the natural energy stored in water vapor, or steam, available to relieve symptoms associated with benign prostatic hyperplasia (BPH).

During each 9 second treatment, sterile water vapor is released throughout the targeted prostate tissue. When the steam turns back into water, all the stored energy is released, causing the cells to die.

Over time, your body's natural healing response removes the dead cells, shrinking the prostate. With the extra tissue removed, the urethra opens, reducing BPH symptoms.

## Why Rezūm Water Vapor Therapy?

- No more BPH medications and their side effects<sup>1</sup>
- Most patients see symptom improvement within 2 weeks<sup>1</sup>
- Simple in-office therapy that doesn't require general anesthesia<sup>1</sup>
- Preserves erectile and urinary functions<sup>1</sup>
- Most patients return to regular activities within a few days<sup>1\*</sup>
- No permanent implant
- Considered a covered benefit by Medicare and most private insurance<sup>2,\*\*</sup>

Talk to your doctor to see if Rezūm Water Vapor Therapy is right for you, or learn more at [www.TreatMyBPH.com](http://www.TreatMyBPH.com)

All treatments have inherent and associated risks. The Rezūm™ System is intended to relieve symptoms and obstructions, and reduce prostate tissue associated with BPH. It is indicated for men  $\geq 50$  years of age with a prostate volume  $30\text{cm}^3 \leq 80\text{cm}^3$ . The Rezūm System is also indicated for treatment of prostate with hyperplasia of the central zone and/or a median lobe. Potential risks include but are not limited to painful urination (dysuria), blood in the urine (hematuria), blood in the semen (hematospermia), decrease in ejaculatory volume, suspected urinary tract infection (UTI), and urinary frequency, retention or urgency. You should talk with your doctor about benefits and risks before moving forward with any treatment option.

\* Dependent on individual clinical situation and healing response.

\*\* It is the responsibility of the patient to contact their insurance provider for specific coverage information.
